

Hawaii Traveler Tips

Aloha!

This guide serves to assist travelers with disabilities and health conditions by providing information about the accessibility of Hawaii's airports and transportation systems. Also included is a list of medical supply companies and support services. Please make direct contact with any of the businesses or services in this guide to obtain additional information. This guide is also available on our web site at <http://health.hawaii.gov/dcab/>. Information contained in this guide does not serve as an endorsement for these or other businesses or services, and is intended only as a resource.

The Island of Oahu has the largest population base in the Hawaiian Islands, therefore the majority of resources for visitors with disabilities are located on Oahu. Resources are limited as you leave the Island of Oahu for the neighbor islands.

Honolulu International Airport

The State of Hawaii Department of Transportation provides an Access Guide for passengers with disabilities on services (such as animal quarantine, ground transportation, motorized wheelchairs, porter services, accessible restrooms, TTYs) at the Honolulu International Airport. Obtain this guide at <http://hidot.hawaii.gov/>. For more information, contact the Visitor Information Program at the Honolulu International Airport at **(808) 836-6413 (V/TTY)**.

Air Travelers With Disabilities

The U.S. Department of Transportation (DOT) offers the following assistance and information for travelers with disabilities.

- Individuals who experience disability related air travel problems or would like general information or have questions on the rights of travelers with disabilities can call the DOT hotline at **(800) 778-4838 (V)** and **(800) 455-9880 (TTY)**.
- Information about the Air Carrier Access Act which prohibits discrimination on the basis of disability in air travel and filing a complaint can be found at <http://www.dot.gov/airconsumer/complaints-alleging-discriminatory-treatment-against-disabled-travelers>.

The U.S. Transportation Security Administration, which is responsible for passenger airport security screenings, can provide information for travelers with disabilities and medical conditions in preparing for airport screenings
